

DERBYSHIRE CHILDREN'S HOLIDAY CENTRE

Date: 18/02/2024

Our Ref: AG/DPC/LL

Dear Rosaline,

The Derbyshire Children's Holiday Centre (DCHC) charity has been greatly reassured by the support it has gained over past years from the county's town and parish councils. These supporting donations to the holiday programme for disadvantaged children from the County have brought respite and personal development to the children who have holidayed at the charity's Centre in Skegness.

As with many charities the pandemic has had a major impact DCHC. This has been both in terms our fundraising and, more importantly on the demand for the holidays that we provide. This coupled with the current economic climate the need of respite for those Derbyshire children is now so much greater and remains paramount.

The Charity is now seeking to secure the necessary income to meet the demands of 2024 holiday season. The direct costs of providing each child with a break is now in excess of £400. Any donation that your Council provides will help to secure those holidays for the children for 2024.

In recognition of those needs we ask for your council's members support by donating to the children's holiday programme where it will help to ensure that the children gain those benefits that they deserve and so badly need.

Yours sincerely,

Lesley Loring
Administrator
