

## **9m – Idas Road Playing Field**

Learners Trust are awaiting for a confirmation of the date to mow the field.

The delay has been caused by a lack of availability from contractors to quote and then cut the field.

After a brief wait for quotes, we instructed the contractor to cut the grass as soon as possible on 02/10.

They have confirmed the field will be cut on 31/10.

We have a contract to agree in terms of best value moving forward for frequent cutting but hopefully this will be sorted and will resolve this issue.
